RE: " TE VEGA "

Dear James,

Thank you very much indeed for your letter of October 1st 1992 together with enclosures.

I have not had the opportunity to review all the information you have forwarded, however I did want to get off this thank you letter to you as quickly as possible.

Your communications from Mr. Harold A. Miller are certainly an added resource to the research as we have had no success whatsoever in getting information from this ownership.

After I have had the opportunity to review and go through all the information I will write to you again.

I am in the meantime forwarding along your independent letter directly to the owners of " **TE VEGA** " and hopefully you will hear from them in a positive vein.

I shall look forward to being in touch with you again in due course and again take this opportunity to thank you very much indeed for your kindness, generosity and the trouble you have gone to to assist me in my research.

Yours respectfully,

  
Bruce Boal
